paperback spiral bound printed hardcover hardcover with dustjacket

These are listed from least to most expensive. Unless it is absolutely necessary to you, paperback is remarkably the least expensive.

Would you like suggestions on how to sell the book? Yes

Print runs can begin as low as 20 copies and go as high as necessary. It is very important to remember that the quantity you have printed should be the largest amount that you *know* you will use/sell. This will be the quantity that is the most economical because you will not have left over stock. It would be more cost efficient to run out of books and do a reprint than to have considerable stock that never sells. You may see pricing for up to three different quantities. However, should you choose to see pricing for more than one quantity, you will not receive a contract until after you have chosen a quantity from the estimate we provide you. Please list the quantity(ies) you are interested in: _____
